

DEDICATION

..somewhere in the dust..
..past..present..and future..
..the workforce birthed in flame..
..draws the circle open..
 ..forging a city..
 ..the ground up..
 ..with barehands..
..under infernal heat..
 ..burning away..
 ..burning in alchemy..
 ..burning in evolution..
..vanishes without a trace..
 ..is reborn..
 ..blazing new trails..
..beyond the city limits..
 ..limitless..
 ..unstoppable..
..the good 'ol days are here and now...
 ..as they've always been..
 ..once and future..

In dedication to the proud workforce of the Black Rock City NV Department of Public Works
past, present, and future..with special hearts and thoughts going out to those of us in healing..
we burn for you..
